

Department of International Trials of NCGM presents:

**ONLINE SYMPOSIUM**

March 11-12, 2021

# International Clinical Research (Trials) during COVID-19 era:

*Should we suspend or continue?*

## INTRODUCTION

Clinical research is vitally important as it is the foundation to provide evidence to improve patient care. This online symposium is to focus on the effect of COVID-19 pandemic on the global clinical research (trials) setting.

In addition to the COVID-19 research, how clinical research in various fields other than the COVID-19 has been managed will be introduced in this symposium.

## TWO DAYS ONLINE SYMPOSIUM

Day 1 Thursday, March 11, 2021 15:25 – 18:40 JST

Day 2 Friday, March 12, 2021 15:25 – 17:55 JST

**List of abstract** *Coming soon...*

## WHO SHOULD ATTEND??

Health professionals from our partners within countries, who are involved or willing to be involved in clinical research (trials) from the design to the implementation.

**GET CERTIFICATE and DOWNLOADABLE MATERIALS!!**

IT'S **FREE**

Zoom link and ID will be sent via email to each registrant
